workgroup productivity.

Xerox® Phaser® 3635MFP Multifunction Printer

Print. Copy. Scan. Fax. Email. The Xerox® Phaser 3635MFP multifunction printer gets your critical office tasks done with speed and efficiency, delivering a powerful all-in-one solution at a hard-to-beat price.

More capabilities for more people.

A powerful workgroup multitasker, the Phaser 3635MFP delivers a set of features that, until now, you'd only find on large, departmental MFPs.

35
ppm

- **Fast results.** A quick print and copy speed of up to 35 ppm easily keeps pace with your workgroup print demands, while a single-page print job is out as quickly as 8.5 seconds!
- **Powerful scanning.** Capture and share your documents with advanced scanning tools.
- **Digitize, organize, distribute.** Maximize your hardware investments, and manage and distribute documents more effectively, with innovative Xerox® Workflow Solutions (built on Xerox Extensible Interface Platform® (EIP) technology) and software solutions from Xerox Business Partners. When you integrate paper and digital documents, you can easily create, search, reuse, share, and build upon your office documents while containing costs and accelerating workflows.
- **Enhanced security.** Hold private print and fax jobs in the queue until they're released at the device by the job owner. Image data from the device's memory can be automatically "shredded" after every job or on request, and you can easily limit or restrict access to device functions for enhanced security.
- **Impressive results.** 600 x 600 dpi printing (up to 1200 x 1200 enhanced image quality) delivers outstanding print resolution without slowing down the all-around exceptional performance.
- **Save paper, save money.** Standard automatic two-sided printing and copying reduces paper usage, while helpful features like N-up and booklet printing let you easily create documents like handouts and presentation packs.

The Xerox experience: a familiar advantage.

With the same walk-up simplicity our larger devices are known for, the Phaser 3635MFP gives your workgroup all-in-one productivity that's totally Xerox.

- **Big functions, small size.** Whether on a desktop or as a floor-standing unit (with optional cabinet stand), the small size fits where you need it and replaces single-function machines with one convenient multifunction solution.
- **Truly helpful.** The 7-inch, full-color, touch-screen control panel makes walk-up operation extremely intuitive. Need assistance? Press the Help button and access online answers to common questions. Messages, screen instructions and graphics provide even more useful information.
- **More control.** Xerox® Standard Accounting software provides accounting features that let you track and analyze device usage by function for greater cost control.
- **Workflows made easy.** Simple controls let you set up the touch-screen to prioritize the functions your staff uses most, while a host of optional solutions offered by Xerox and third-party providers make the Phaser 3635MFP even more useful.
- **Easy adaptability.** Engineered to easily meet the needs of any industry, the Phaser 3635MFP features Xerox® Workflow Solutions (built on our EIP technology), which enables personalized, business-specific applications you can access right from the color touch screen.

Easy to operate and maintain.

Designed top to bottom for optimum ease of use, seamless network integration and unbeatable reliability.

- **IT-friendly.** Network printing is easier than ever to manage. Xerox® CentreWare® IS internal web server allows administrators to remotely monitor printer status, configure settings and receive alerts. For enterprise-level printer management, CentreWare Web makes it easy to install, configure, obtain reports and troubleshoot all network devices, regardless of manufacturer.
- **Ready for action.** Installation is extremely fast and easy, getting your device up and running on the network in minutes.
- **Easy supplies replacement.** All-in-one, user-replaceable print cartridges greatly reduce time spent on device interventions. Simply replace one cartridge and you're back in business.
- **More productive, longer.** With a robust monthly duty cycle of up to 75,000 pages, the Phaser 3635MFP is built to produce at a consistently high level.
- **An easy fit.** Network integration has never been easier, and with built-in LDAP support, your system administrator can upload your company's address book directly to the device for fast access to recipients' email addresses and fax numbers.
- **The Xerox-exclusive Print Around feature** holds a job needing resources (such as a different paper size) and prints the next job in the queue.
