Productivity meets  
affordability.

# Xerox® WorkCentre® 4260 Multifunction Device

**Kick office productivity into high gear** with the Xerox® WorkCentre 4260.

It combines world-class copy, print, color scan and fax capabilities with exceptional reliability and ease of use. It's ideal for the busy office that needs large departmental MFP capabilities in a letter-sized, value-priced device.

## Feature-rich and value-minded.

The competitively priced WorkCentre 4260 multifunction device is loaded with features to help you manage costs without sacrificing power.

- **Tailored to your business requirements** with configurations ranging from desktop to floor standing models that provide copy, print, scan, email and fax functions. Larger finishing capabilities include collation, stapling and paper input of up to 3,100 sheets.
- **Speed to handle heavy demand:** Copy and print as fast as 55 ppm, with the first page out in as little as 6 seconds.
- **Color scan capabilities** mean you can communicate in color via email or digital file distribution without the additional cost.
- **Usage counters** let you track and analyze device usage by function for greater cost control.
- **Helps your office stay green** cost-effectively with Xerox Green World Alliance program; send your used toner cartridges to us for recycling, free of charge.
- **Smart Card Technology.** The WorkCentre 4260 multifunction device supports the Homeland Security Presidential Directive 12/ HSPD-12 with Common Access Card (CAC) support. CAC enables users to encrypt and digitally sign electronic documents, and protects the device and the network against unauthorized access.

## Easy to install, use and maintain.

Unprecedented ease of use and reliability from a truly robust and integrated multifunction.

- **Network-ready** and easy to install on Microsoft Windows®, Apple Macintosh® and Linux networks. New global print drivers from Xerox greatly simplify driver management.
- **Eases network management chores** with remote device monitoring and troubleshooting, using Xerox® CentreWare® IS embedded web server and CentreWare Web, as well as third party management systems. Automatic email alerts notify administrators or users of events that require attention, such as low toner levels.
- **Walk-up ease of use** includes an intuitive icon-based color touch screen with easy instructions and Help screens for copy, scan and fax jobs. Plus, you can walk up and print from a USB memory drive or scan and store for convenient printing later – no computer needed.
- **Keep confidential documents safe** with password-protected secure print and encrypted hard disk.
- **Award-winning Xerox service and support** that's second to none. Our Xerox® Total Satisfaction Guarantee ensures you're completely satisfied with your purchase.

**Why pay for a huge, full-sized MFP when you primarily work with letter-size documents? Get everything you would expect on a powerful Xerox device, but get it in a small size at a small price!**

## Save Money

- Automatic two-sided copying and printing saves paper.
- Fax forward to email feature lets you avoid extra printing.
- Toner cartridge and imaging unit are separate consumables maximizing the life of each.
- Energy save mode is always "on," reducing your utility bill.

## Save Time

- No more running down the hall to make a copy: A small size means it can be located conveniently close to users.
- ID Card Copy scans both sides of an ID card and prints them face-up on a single sheet of paper.
- No print bottlenecks because the Print Around feature automatically holds any job missing resources (such as a different paper size), and prints the next job in the queue.
- Multiple functions can be accessed at the same time: scan while printing or receiving an inbound fax, and interrupt a print job to make a copy.
