

# Xerox® ColorQube® 8880 and 8900 Color Printing for Black-and-white Prices

The time has come to add color to office documents without worrying about costs. The ColorQube® 8880 Color Printer and ColorQube 8900 Color Multifunction Printer allow offices to drastically reduce their total cost of printing.

## Find out how much you can save.

Not all printed pages are created equal. The cost of a page is directly related to coverage, or the percent of the page covered by ink or toner. This document illustrates how per-page costs fluctuate by document, and how you can lower printing costs with Xerox® ColorQube devices.
